

Gozde Camlioglu Agilkaya

UX/UI Designer

OBJECTIVE

UX/UI designer with a background in interior design. I developed the capacity to approach human-centered design from several viewpoints via my work with various disciplines, and I chose to transfer this talent from interior architecture to digital product design. My holistic design approach relies on using all of my creative expertise and knowledge to create a seamless, intuitive, and visually satisfying experience from beginning to end.

EXPERIENCE

Designer, Freelance

Sep 2021 - Dec 2022

- Preparation of website content in line with customers' requests and needs Identity, logo, and website design for brands
